

Provisional Transcript

Student ID : 
Student Name : LIN Wanyu
Academic Plan : C6UMATAM : Mathematics with Applied Mathematics

Academic Year : 2025/26

Course Code	Course Title	Mark	1st Resit	2nd Resit	Credits	Semester
MATH 1029	Applied Mathematics	75			20	Full Year China
MATH 1107	Algebra	76			20	Full Year China
MATH 1108	Probability and Statistics 1	85			20	Full Year China
MATH 1109	Core Mathematics	79			60	Full Year China

Average Mark : 79

Academic Year : 2024/25

Course Code	Course Title	Mark	1st Resit	2nd Resit	Credits	Semester
CELE N048	Reading and Writing in Academic Contexts	72			20	Autumn China
CELE N061	Essentials of Linguistics	73			20	Autumn China
CELE N069	Oral Communication Skills A	89			10	Autumn China
CELE N121	Critical, Creative, and Reflective Thinking	67			10	Autumn China
CELE N052	English in Specific Academic Contexts B (Engineering; Comp Sci; Env'mental Sci & Architecture)	60			20	Spring China
CELE N082	Oral Communication Skills B	76			10	Spring China
CELE N084	Advanced Foundation Maths 2	94			20	Spring China
CELE N085	Mathematical Software	90			10	Spring China

Average Mark : 77

Please note:

- Any marks for full year courses may be incomplete at the current time.
- The Average Mark shown for each Academic Year is an average of the marks awarded for the first sit of the course rounded for display purposes. The averages do not include any reassessment marks.
- While used for progression, reassessment marks are not used for overall award classification where the stage average mark truncated at the first decimal place is used in the overall mark calculation.

For the majority of awards, the weighted numerical average is translated into degree classification as follows:

- I (First class honours) = 70%+
- Ii (Upper Second Class Honours) = 60% - 69%
- Iii (Lower Second Class Honours) = 50% - 59%
- III (Third Class Honours) = 40% - 49%
